P. O. Officials Mixed Their Own Mess With New 5c Air Mail Stamp

Word comes from Washington that Post Office Department Officials are already running circles around themselves due to the daffy plans made for first day issue of the new 5c air stamp and stamped envelope.

Hundreds of letters are being returned to the senders who have made remittances only at the rate of 5c per cover whereas it takes 8c for postage on these covers.

If you have not yet sent your covers for this new stamp be sure to read carefully the article we printed explaining the issue in our paper for last week.

We are advised that as of August 22nd, more than 2000 letters from collectors sending covers, had been returned up to that date due to insufficient remittance.

They made the mess, now let them stew in it.

We are able to picture above a part of a large cover which is believed to show a stamp used by the Philippine Underground or Guerilla bands. It is stated that Mr. Rosenquist, now a Colonel in the U. S. Army was landed by submarine on one of the islands of the Philippine group, to prepare the underground for a landing by MacArthur. This is believed to be the only such cover known and Colonel Rosenquist states that he saw no others while on his mission. Our thanks to Gardner L. Anthony of Cranston, R. I., for the illustration.

San Francisco Centenary Exhibition Is Definitely Set For Fall Of 1947

Plans for a Centenary Exhibition, in San Francisco, sponsored by the California Collectors Club, which have been under discussion for sometime were definitely decided upon at a meeting of the Board of Directors of that organization on Tuesday August 20, 1946.

In order not to conflict with the Exhibition being held in New York in May the San Francisco show will be staged in the fall of the year, probably the latter part of September.

The California Collectors Club is planning an exhibition which will be worthy of the event being commemorated. Preliminary plans call for upwards of 500 frames of material as well as bourse space for dealers from all of California.

THOSE INVERT EIGHTS

It is evident that all four positions on the plate 22880 show the second figure "8" inverted. We have also been advised by Mr. A. B. Crane of Altoona, Pa., that this discovery was made by Mr. E. C. Hanford of Cincinnati, about four years ago. Mr. Crane further states that all serious plate number collectors know of this variety.

We question this statement for the very reason that there are always so many new people getting into any field of collecting that much may have been published in the past is news to these new followers. That is one fault of too many advanced collectors, they fail to realize that there are always a lot of new people entering the field who are unfamiliar with much information that has probably been forgotten by the old timers.

Of Interest To Any Old Time Stamp Collector Is This News About Brody, L. T. Brodstone And His Famous Sister

This story is inspired by a letter and a newspaper clipping from Mr. R. J. Tarpy of New Hampton, Iowa. R. J. puts himself in the class to whom this story is directed and we will remember R. J. from our earlier days in stampic activity.

To a very great percentage of you who may read this story, the people mentioned are out of your life, but to many still active in the stamp world, the story about L. T. Brodstone, he who printed and produced the old Philatelic West and Camera News at Superior, Nebraska, and of his famous sister the late Lady Vestey of England, the story will be of interest.

New Air Mail Rates For All Americans

Washington, D. C., Aug. 14—An airmail postage rate of 5 cents an ounce between all United States territories and members of the armed forces abroad will become effective October 1, under a regulation issued today by Postmaster General Robert Hannegan. The existing rate is 6 cents a half-ounce.

Mr. Hannegan's regulation was issued immediately after President Harry S. Truman had signed the legislation reducing the domestic air mail rate from 8 cents to 5 cents an ounce. The new domestic rate, also effective October 1, makes 5-cent air mail postage applicable to all United States territory wherever located and involves reduction from rates now ranging as high as 90 cents an ounce.

The Post Office Department anticipates that the reduced domestic rate will bring an unprecedented air mail volume. An active promotion of air mail is planned.

With members of the United States armed forces stationed in all parts of the world, the Post Office Department, on December 23, 1941, established a rate of 6 cents a half-ounce for air mail to or from the armed forces. Such mail otherwise would have been subject to much higher foreign air mail rates.

The bill which became law today treats all air mail destined to United States territory as domestic air mail. Mr. Hannegan's regulation extends this principle to members of the United States armed forces regardless of where they are located. The regulation also covers civilian personnel authorized to receive mail through Army or Navy post offices.

The Post Office Department cited examples to illustrate the effect of the new 5-cent U. S. flag rate. The present air mail postage between the United States mainland and the Canal Zone is 10 cents a half ounce; Canton Island, 25 cents; Guam, 35 cents; Hawaii, 15 cents. Existing air mail postage between Puerto Rico and C. Z. is 43 cents a half-ounce and between Guam and the Canal Zone it is 45 cents a half-ounce.

We who knew Brody as he was called, always loved him for his many faults, the greatest of which was that few people could ever read any letter he wrote to them and when he did finally get a typewriter and sent his letters out by typewriting, they were little better and full as difficult to read.

The story we want to print is mostly about his famous sister Evelyn, she who became the wife of an English Lord.

We knew Brody through years of philatelic activity, we knew also that he made almost annual trips to visit with someone in England, but like many others we never knew the real story behind those visits and since that story has now been printed by the Chicago Herald-Examiner, we are glad to be able to print much of it for the interest and information of those old time collectors who knew Brody as we knew him.

Perhaps we could do no better than to quote the story of Evelyn Brodstone, sister of L. T., as published in the Chicago Herald-Examiner under date of August 3rd, so here goes.

ASHES OF LADY VESTEY.
'SUCCESS' GIRL, DUE HOME
The ashes of Lady Evelyn Vestey are on the way home to the town she left 51 years ago to take a stenographer's job. It's another Cinderella story. The transition from a \$12-a-week office worker to a \$250,000-a-year executive, from farm girl to wife of an English lord.

It is the story also of a woman who never forgot her home town nor its people.

Lady Vestey died in 1941, five months after the death of her

On January 11, 1946, however, the G.P.O. decided that these stamps should be sold to the public: Perf. 13 all around—5 ore green, printed January, 1940 issue 32,130,000; 10 ore violet, printed November, 1939, issue 34,170,000; 15 ore brown, printed December, 1939, February, 1940, issue 48,300,000.

The 15 ore stamp issued in July, 1946, differs slightly from the one issued in January, 1942. Deeper entries were made on the printing cylinder, and as a result, some details in the King's portrait are clearer: (1) the medal ribbons, (2) the shading to the left of the King's eye, (3) the outline of the King's

One hundred years ago this month, General Stephen W. Kearny and his Missouri Volunteers ended the bloodless conquest of New Mexico. It closed another chapter in America's expansion Westward.

Because of the surprise announcement of this new stamp to commemorate this event, we cannot illustrate the beautiful ARTCRAFT ENGRAVING picturing a full life-like portrait of General Kearny. REGARDING GUM ON STAMPS

Our open letter to Mr. Gordon Harmer of 2 weeks ago has brought dozens of letters commending the proposal we made and just two letters disagreeing with our proposal. Curiously enough, no letter from Mr. Harmer who probably prefers not to stick his neck out.

We were quite pleased with the response and many of the letters advanced arguments we had not used and some even gave information concerning their sad experience with some stamps due to gum on them.

Of the two letters which did not approve of the proposal we can skip one of them as being of little value because it was so apparently from an experienced collector, as for the other, it may sound more ridiculous to some than the other one referred to above for the very reason that it came from a man who admitted that he did not collect stamps but that his wife was a collector and she had such a splendid collection with the stamps all safely put away in cellophane pockets and thus preserved them in their original state.

Geo. W. Linn Taken as a whole, we believe that the great majority of collectors and even dealers would agree with the idea and we feel confident as the years roll on that more progress toward such a plan will make way, for many more years stacked on top of some of the old stamps is going to make their condition deteriorate and nothing will so help preserve them as to remove the gum from them for the gum is gradually eating away the stamp itself.

Large numbers of the Columbian issue of 1893 have a very bad crackly gum on them. These stamps are gradually being eaten up by this crackly gum and nothing except removal of the gum will save them for collectors of fifty years from now.

Before closing this we want to say that we do not make any claim for originality in this suggestion altho we have made it off and on for many years past.

VACATION SEASON IS OVER

School is open again, the children are busy with their studies and business folks are getting settled down for the winter season.

Our Advertising Manager, Mr. Chadwick came back home full of pep and ready to pitch into work for the coming season. He vacationed with his wife at the home of her parents in Colorado.

Already we are receiving many inquiries concerning page and double page space for the coming season.

Dave Chassy used a page last week with his usual big offering of United States stamps. The Norco Stamp Company have a full page auction this week and many choice items are offered therein. We have a full page scheduled on the 19th for the Lincoln Stamp Co. The Zenith Stamp Company tell us they are planning a full two page auction and we have inquiries for other large spaces.

On top of all this Gimbels Stamp Department will be in again soon with their customary four page spread and it will not be long now till their annual Christmas edition which we believe will surpass the one of last year which set an all time high record for a single paid stamp advertisement in any publication of any kind in the whole world.

Thus with the dealers getting as active as they are we are certain of a boom year ahead and the real collector will be on his toes to keep his collection up to date, for where can he better invest his surplus money, than to put it into good stamps in the right manner.

ANOTHER THOUGHT ON HOW TO COLLECT

Our last remarks in the above paragraph gave us the thought to tell of this incident which we believe may be a new thought to some.

At a recent meeting of the Piqua Philatelic Society, Brother Alphonse Miller of the University of Dayton was the guest speaker. All who heard him were pleased with his witty comments and enjoyed a most interesting and instructive talk. However there was one point he brought out and it appealed to us so much that we want to pass it on to you collectors who may be groping for something else to collect. The plan is a simple one, yet after thinking it over, we believe a most practical and desirable one.

It should appeal to any collector who wishes to spend money for stamps, either because he wants something else to collect or in event he feels that he should like to look upon the money spent, as an investment.

It is a simple plan and explained in the words of Brother Alphonse, all you need to do is to start in with Abyssinia, buy a complete set. Remember we said complete set and we mean, one of the larger and better sets. Mount this on a single page in an album, then go to the next country in your catalog and buy another complete set. Keep this up to the end of the catalog, thus acquiring in the course of time a set from each country from A to Z.

Of course you do not need insist on getting every country, you can skip those that do not appeal to you such as Afghanistan and also any of the inactive listed countries. The object should be to buy current sets, thus getting them at the best available prices.

Mount these nicely, add to them as you can and if you ever want to sell them a few years from now the chances are much in your favor that you will get a good bit more than you paid for them from any first class dealer.

It must be complete sets however, none of the nickel and dime stuff, but the good quality material of any country.

Think this plan over, it will interest you in a lot of things you have been missing if you are one of those who have been satisfied to collect United States alone.

The Classification Racket . . .

A chap in New York recently announced thru the medium of one of the standard philatelic weeklies that he had finished arranging NINE different classifications of condition. If this is true and if it is ever adopted you may expect to see all the big hat auctioneers, wholesalers, philatelic journalists and the poor lowly dealers confined in the psychopathic wards of their local hospitals.

During the past few years the above mentioned group have foisted on the collectors this abominable "condition racket" . . . GOOD stamps still have all the qualities that the so called "SUPERB" and "VERY FINE" have, but the temptation to raise prices for stamps well centered etc., was too great. I have answered ads in the past few months for items listed at a certain price and on the next line would be the notation "Same as above only SUPERB" . . . I ordered the item and under another name ordered the so-called "Superb" . . . when they arrived you couldn't tell the difference. This is fast becoming a vicious racket which if not curbed will make a difficult situation for some people to explain.

I sell GOOD stamps, well centered, clean, no SE, no torn perforations, no banks of hinges and USED stamps with light cancellations. My other classification is headed LOUSY and these are consigned to the waste basket.

If you are interested in GOOD stamps for collectors with fixed incomes write a letter (no postcards please) to

THAT LEFT HAND FLOW

Dear Mr. Linn:
The August 22nd issue of your
weekly arrived yesterday, and
that is good service indeed. As
usual, I put everything else aside
for a hurried look-see at the lat-
est stamp news, and the first thing
I spied was your heading front
and center anent left-hand mon-
key wrenches and "boners" found
in the new peace-time issue of
sister Canada.
Believe it or not, there is such
a thing as a left-hand monkey
wrench; if you don't believe it,
just turn an ordinary monkey
wrench over and there you are.
Nope, monkey wrenches are not in
the same category as are type lice,
paper stretchers et cetera.
Now for the body of the mon-
key wrench article: You state that
"Canadian officials explain the
boner by stating this is an adjust-

able plow...." And Jasinsky is
is positive that these same Cana-
dian officials have sent you after a
paper stretcher—or something.
Illustrated on the 8c stamp is a
horse-drawn plow with a left-hand
share. They are most common,
and many sections of the United
States used no other kind in the
days when plowing was done by
horse power. You could question
any farmer who used horse-drawn
plows twenty or more years ago.

Over in northeastern Logan
county, where your correspondent
was born and spent his boyhood
days, a right-hand plowshare was
a novelty. You could find hun-
dreds of them yet today over
around Rushsylvania, nine miles
northeast of Bellefontaine. Right-
hand shares were so rare that
even the blacksmiths groused like
hell whenever one of them had a
share of this type brought in for
sharpening, pointing or laying;
they just had to work backwards
to the way they were used to
working.

It is true that nearly all the
tractor-drawn plows today have
right-hand shares, but in territory
where tractors have not driven the
horse out completely you will still
find left-hand plows at work. En-
closed is a corner of a page torn
from the 1946-1947 edition of the
Farmers' Bible, edited by Sears,
Roebuck & Co., which will prove
to you without a doubt that plow-
shares to fit the type of plow ill-
ustrated on that 8c stamp are
still obtainable, or available,
whichever you prefer.

About the 50c "falling tree"
stamp. I've read about those
axmen who could point a stake
and start it in the ground with a
single tap of the axe, then fall a
tree and have the trunk of the
tree drive the stake all the way in,
in its fall? Or it might be that
the axman in this case was in
such haste to get the hell away
from there that he didn't take
time to yell "Timber". The stamp
appears to me that the man in
the foreground is 75 or 80 degrees
to the right from the line of the
tree's fall. Anyway, he's just start-
ing a saw cut on a new tree and
I don't believe his life would be
greatly endangered even were he
in the direct line of fall.

Don't take me too seriously.
You know that your subscribers
read the paper when they can
find mole-hills in it to kick over.
Personally, I think you put out the
best stamp publication in the
country for the average stamp
collector. Keep up the good work.
With kind personal regards, I am
Sincerely yours
Guy Jasinsky

THEY'RE OFF—AT THISTLEDOWNS—It's a bright
sunny day, the race track is hard and dry. The grandstands
are crowded and they are standing four and five deep around
the rim of the track. They're standing in long ques to bet on
their favorite nag. Each man, woman and sometimes a child
—has his or her own favorite to win. But only ONE horse
wins in every race. Everyone likes a winner.

SCORE: HOME TEAM 4; VISITORS 4—Whether it is
Yankee Stadium, Cubs Park, Briggs Stadium or the Polo
Grounds, everyone likes to watch a tight game. The pitcher
shakes off one sign after another from the catcher, in an
attempt to outguess the waiting batter. At the crack of the
bat—the game may be over. One side is the winner. Not a
few dollars change hands when the winning run scores.

THE TENTH AND FINAL ROUND—It's a warm,
September night and thousands of fight fans crowd the out-
door stadium as two modern gladiators slug it out on a resin
covered boxing arena. One of those fighters cocks an arm
and a fist lashes out like a bolt of lightning. One man goes
down—and out for the count of ten—and hundreds of thou-
sands of dollars exchange hands.

MADISON SQUARE GARDEN—RANGERS 1, HAWKS 1
—and the ice covered hockey rink is beribboned with flashes
of jersey clad hockey players darting about the ice in an over-
time period. Wham—a hockey stick goes out—the puck
flies into the net and one team wins while half of those who
bet round up the other half to collect

NOTRE DAME 7; ARMY 7—And up at Yankee Stadium
on a cool, clear Saturday afternoon these stalwart elevens
battle it out on the gridiron. All afternoon the two teams
have ranged up and down the field. First one score and then
another. The score is tied. All over the nation, men and women
have put a "few" on their favorite team. From out of a huddle
comes one team—the back has the ball, he pauses, cocks his
arm and throws, a pass reaches a man in the clear—a goal is
scored—the gun goes off—and 70,000 fans run for the sub-
ways, while dollars pass back and forth.

Now I'm not writing a column on gambling. I only know
that a great many of us like "something good". Whether it's
baseball, boxing, hockey, football, the stock market OR phil-
ately, everyone likes a "winner."

I love to sit around a stamp club and listen to the number
of people who bought Zepps when they were at the agency. If
you added them all up, they must have issued billions of sets
because everyone seems to have purchased them at face. There
are always those who "knew" the Jubilees were going to be
good, but somehow or other they didn't pay the new issue price.
They waited until the Jubilees were taken for a ride by the
dealer who says "As long as tip sheets are the vogue, here are
some of my tips"—and then started laying it on the line for
these pretty sets with the picture of George V.

The people who own a safety deposit vault full of Pony
Express, China sheets and 10c Famous Amerks are legion—
until you offer them fancy prices. Philately has a great many
winners, but the trouble is—most of us are so busy with our
work-a-day duties, we haven't sufficient time to buy these fine
stamps—until they are being sold for double, triple or more
than the price we would have paid had we remembered to buy
them—or known they were going to raise in value.

Now I don't pretend to be a very brilliant boy, and to read
my fan mail from San Fernando, Calif. I'm far from bright—
but I can produce dated columns, news letters and bulletins
where I called the turn on the flags, Uruguay C116 and 117,
the Nicaragua Roosevelt series (months before it came out),
and several dozens of others.

Every two weeks, some 58,000 stamp collectors receive
THE CASE BULLETIN from the dealers who distribute it free of
charge. On October 1st I'm starting a paragraph called "come
with me", calling your specific attention to just one stamp or
one set of stamps, among the others which I mention. "COME
WITH ME" will be something for those who are not interested
in gambling, because I don't believe in philatelic gambling no
matter how it is disguised; but it will be for those who like to
own a set or blocks of something that may very likely appre-
ciate in value over a period of time. "COME WITH ME" will
be a very inexpensive addition to your collection and will give
you a chance to watch each of those choices rise in the price
lists and catalogues of the land.

I promise you a very interesting and inexpensive side-line,
to your stamp collecting if you come along with "Come With
Me", for the stamps I select in that corner will be as genuine
as the small amount of money you use to pay for them, and
I'll guarantee you you'll not regret playing the game with me.

For more details of "COME WITH ME", send me a penny
post card requesting a copy of the CASE BULLETIN. In turn,
I'll send it to one of the dealers handling the bulletin who will
be glad to send you the very next edition of the Case Bulletin
and all of those which will follow. You'll enjoy the Bulletin—
and I hope you'll pause for just a moment—right now is a good
time—to send me a penny post card requesting YOUR copy
free of charge. No approvals, no nothing but the Bulletin will
be sent to you. Simply address—

husband, Lord William Vestey. She specified her ashes were to be returned to Superior and placed on her mother's grave.

War delayed fulfillment of the request. But now word has come that the ashes are on the way, probably aboard a vessel similar to those which she used to help build the British empire's meat industry.

Evelyn Brodstone—as many old residents of Superior remembered her—was a 12 months old baby when her father, Hans, died at the family's farm home. By the time she was graduated from high school at 14 she knew her widowed mother would need help.

She studied at a Burlington, Ia., business college, then went to Chicago and a \$12 a week job as stenographer for the Vestey meat packing company.

KNEW BUSINESS—

A wealthy Englishman, William Vestey, owned the firm. One day his regular secretary was ill and Miss Brodstone was sent in her place. The next day Vestey handed down this note to his staff:

The Nebraska girl soon was being called into business councils. She was made a director.

When Vestey was called to England, she was left in charge of the Chicago plant. A few years later she moved to London where she engineered formation of a great meat corporation—and a steamship line to carry Vestey meats.

Her salary was \$250,000 a year. She traveled the world and learned 12 languages. She set up Vestey plants in every country she touched.

Several times she tried to retire. In 1914 she returned to Superior to be with her mother. But World War I found her organizing a meat industry in Australia. She was said to be the first white woman to travel into Australia's interior.

Again she returned here after the war. Her mother had refused to live in London. So Miss Brodstone became a member of local civic groups, and even managed a local baseball team. Then romance interceded.

After a succession of cablegrams which kept Superior's little telegraph office busy, she left in 1924 to be married in New York City to Vestey. By that time the Englishman had been knighted. Being Lady Evelyn Vestey of

The Real Truth About The Army Commemorative Three Cent Stamp

By Forest E. Weller

A special 3 cent stamp commemorating the achievements of the United States Army in World War II was placed on sale at Washington, D. C. on September 28, 1945. The central design of this stamp depicts U. S. troops marching before the Arch of Triumph in Paris, France. The stamp is of special-delivery size, arranged horizontally in panes of 50, and printed in khaki by the rotary process. One evening just as Paris was about to fall, General Eisenhower was at General Omar Bradley's headquarters and he personally ordered General Le Clerc's French Armored division under Bradley be given the honor of being first in the city. However the French could not get into Paris immediately and the American 4th Division was called to assist. The battlefront moved to the East Gate of Paris. It was found that the American forces could march two divisions through Paris to the suburban battlefront and thus make a showing of power which would quiet collaborationists and so give the city confidence.

General de Gaulle wanted a formed parade to make a show of strength, and General Eisenhower arranged for him to review the American troops as they actually went through the city—Champs-Elysees to Place de la Concorde—here in front of the Obelisk was the reviewing stand from which General Koenig, Military Governor of Paris; General de Gaulle, General Omar Bradley, American First Army

Commander and General George Patton, 3rd Army Commander reviewed the 28th Division as it paraded into battle with the Germans on the eastward outskirts of the town August 29, 1944.

The 28th Division had just arrived and did not have a thing to do with taking Paris. But as they were a couple of days late, they just happened to be there when

WHO'S WHO IN STAMPS

by Lee Chadwick

HOMER W. DAVIS

For the past ten of Homer W. Davis' "about sixty years" he has been a full time dealer. It all started in 1920 when he was appointed executor of a doctor's estate and found a stamp collection among the books. As Mr. Davis states, in it "was a \$500 Cape of Good Hope triangle which later turned out to catalogue \$4!" Thus he became a collector while his regular

employment was in the press-room of a large printing establishment in Boston, of which he had charge before turning to stamps as an occupation as well as a hobby. Purchasing collections and making a study of U. S. stamps, in 1926 he started to advertise in this paper. Mr. Davis says it all started "when Mr. Linn kept sending contracts and I kept signing them," which we are glad to note he continues doing today, thus becoming one of the longest term and steadiest advertisers to use this weekly since its inception. With the true philosophy of a good advertiser he states that everytime he signs a contract it "helps Mr. Linn help make me a living." From the start Mr. Davis has preferred to keep his business at 19 Harrison Street in Melrose Highlands, Massachusetts, a one man personalized operation because of the pleasure he obtains from the personal contacts. While he prefers buying to selling he is rightfully proud of having customers who have been dealing with him ten to twenty years; a reputation of which any dealer well might be proud! It is another case where personal correspondence and advice—good advice—have paid off. More than once he considered adding help in the early days there may have been a temptation to write merely "Am sending your order," but today a well-satisfied Homer Davis says the pleasure of personal contact has outweighed the extra profit he could have been ten times over.

Obviously anyone with his long experience in the stamp game has had many interesting experiences, and one of these days he promises to write an article for us on interesting finds and interesting people—"which does not always mean honest people"—to which we are sure our readers, as well as ourselves, shall look forward eagerly.

As Seen By

Mint Sheet Brokerage Co.

Following closely in the foot steps of the Famous Farleys, we note a tendency for return in activity to complete sets of Famous Americans after a period of relative quiet. For the first time this year we have a number of clients bidding \$560.00 for the 35 sheets now that the supply of sets previously offered at this figure has been exhausted. The heat is on for quantities of 1 cent Whitney, Tipex, 13th Amendment and all the 1940 Commem. issues, with Flags leading the parade.

Farleys available again at \$775.00, which is a fair jump from the earlier \$700.00 figure carried earlier this month. Looks like that predicted \$1000.00 figure isn't so far off at that. For those who like their statistics (like us) do you know what number of sheets of 16 cents Farley SDAM were issued? According to the current Postal Guide, only 5734 sheets were printed, which in effect reduces the total number of complete sets of Farley sheets to 5734 less all those that have been regularly cut into positions during the past 14 years. Small wonder that the sky would seem to be the limit eventually as more and more sheets are reduced to blocks etc.

OPINION . . .

It is a pleasure to quote these lines either from letters received by myself or from articles written about the U. S. A. Title Page.

Mekeel's Weekly Stamp News, Portland, Maine:

"A distinctive page for your U. S. Album that is a pleasure to behold."

"Stamps" of New York:

"It is a most attractive piece of work done in color by the Artist Arthur Szyk and would be a decidedly pleasing addition to any U. S. Album."

From the Editor of the Weekly Philatelic Gossip, Mr. Harry Weiss:

"It is the writer's opinion that nothing finer exists in a U. S. album frontispiece . . . the printing is the finest I have ever seen and I have seen plenty . . . I predict a big future for this wonderful item."

From Mr. R. L. Perkins, Editor of the Stamp Dept., Rocky Mountain News, Denver, Colorado:

"Would like to add my personal congratulations . . . I sincerely believe you have in them something truly handsome and unique."

Mr. Paul S. Hedrick, Stamp Editor, Tulsa Daily World, Tulsa, Okla., writes:

"Magnificent in appeal exemplifying in brief, highlights of this nation."

George Linn, Editor of Linn's Weekly Stamp News, Sidney, Ohio:

"Beauty beyond compare is about the only way we can think of describing this page . . . the art work is marvelous . . . printing such as is seldom seen because of its great cost. We know you will be so pleased with the absolute beauty of the pages that we cannot recommend them too highly."

The U. S. A. Title Page cost \$1.10. The next 10 countries \$11.00. Remittances in any convenient way but add 18c if by bank draft or personal checks. Currency and silver is best. Mint U. S. commemoratives at face are acceptable.

Incidentally if the newspapers in your district has a stamp department I would greatly appreciate the address of the stamp editor for the purpose of forwarding complimentary copies of these Title Pages.

THE MIXTURE AND I

Some mixtures give the sorter a thrill a minute, but here's a mixture whose biggest thrill is in the price, 65 CENTS PER POUND, and there's over 3000 stamps per pound. That's \$0.0002 per stamp. The mixture is just in from GREAT BRITAIN. Mostly common George VI, but those with sharp eyes will find war printing varieties. The common hunters will find a few Stamp Centenary's, Coronations, and even an occasional Jubilee. There's some Edward VIII's and higher current values. Our only guarantee on this mixture is \$5.00 worth of fun per hour while sorting.
ONE POUND 65c — TWO POUNDS \$1.25 — FIVE POUNDS \$3.00
TEN POUNDS \$5.75

Stamp Collector Trips "Double Or Nothing" Expert

The popular radio program, "Double or Nothing", which each Sunday night gives contestants an opportunity to parade their wits for cash, gave the hobby of stamp collecting a fine boost on Sunday, August 25, when they included the category "postage stamps" in the program.
 A lady contestant, A Miss Myers, obviously a stamp collector from the tone of her replies, not only came through the quiz with flying colors, but although she missed the "double or nothing" question, which carried a prize of \$100, she maintained, and suc-

cessfully, that she had answered correctly and proved her point.

The first question asked the contestant was to name five persons who had appeared on American stamps. This was simple, and five Presidents, including the late President Roosevelt, were named. The next question called for the names of two women who had appeared on stamps, and the contestant correctly gave Whistler's mother (on the Mothers Day stamp) and Susan B. Anthony.

The final question was "Has the portrait of a living person ever appeared on a United States postage stamp?", and when Mrs. Myers answered in the affirmative, the cries that had been made of "You'll be sorry!" appeared to have been justified. Mrs. Myers, however, refused to accept defeat and insisted that the two Jima stamp pictured Marines still very much alive. The announcer, non-plussed, read a prepared statement of the Post Office that it was against policy to picture living persons on our stamps, but the applause of the audience convinced him that actual fact, as asserted by the contestant, was more important than policy. The hundred dollar prize was awarded the lady.

Actually speaking, Post Office policy has been honored as much in the breach as in the observance. Correct as the lady was, there have been other stamps which have pictured living persons. The Arbor Day stamp in 1932 was made from a photo of two children, still very much alive today. The Red Cross stamp of 1931 pictured Marie Bard, a model, represented the All". The 3c Olympic stamp was an actual reproduction of an

athlete, and his features are readily recognized on the stamp. More recently, the 3c Army stamp and the 3c Navy stamp pictured actual living servicemen, many of whom identified themselves on the stamps.

THIS 'N' THAT WITH THE TRADE

It is to be noted the large number of Public auctions in preparation for the coming season. Many of these to start in early Sept. and continue through the first part of the season. In this issue, it may be seen, the large number of our advertisers that have taken space

THAT LEFT HAND PLOW

We printed reports from Canadian Newspapers concerning the picturing of a left hand plow on the coming new Canadian 8c stamp. Every time we print any stamp news from a daily newspaper, there is usually something wrong with it. We could have checked with local farmers, but presumed that the newspapers who started the howl knew what they were doing. We are now thoroughly convinced that the left hand plow pictured on the stamp is a perfectly proper plow and that there was a time when it was used more than the right hand one now in more general use.

One Trillion, Six Hundred Billion Pengos

Richard H. Koch of Bethlehem, Pa., submits the above cover with the remark that he had noted other such covers illustrated and that he thinks he has the biggest one. Doubtless Mr. Koch refers to postage value shown on the cover and in that particular he is incorrect for the part of the cover which we illustrated on August 8th, contains equal postage value with this cover. The back of the cover shown above has 30 of the 50,000 Million Pengo stamps on it. Two more are on the face, so that the total face value on this cover is only One Trillion, Six Hundred Billion Pengos. This is the exact amount shown on the cover of August 8th, but in the new stamps of higher denomination. The August 8th cover was with one stamp of 100 Billion and three stamps of 500 Billion making 1600 Billion or One Trillion, six hundred million Pengos.

FREE! A gift that will make the most interesting item in your collection! No matter if your collection is worth \$10,000.00, you will devote a full page of your album to it! This is new material, never offered before! Approvals included. Postage appreciated!

BLOCK FILES
Block Files, like sheets files should be used to put
your blocks away for preservation, not for handling and
to show. We have designed this block file to fit a 3x5
card index file drawer which most everyone can obtain
in a good card board or wooden box at any stationers
and they are splendid receptacles for these files.
The files are of glassine with pocket style pages, covers
of heavy tough stock flap on edge prevents falling out and
blocks of all standard size will fit in these little files.
For safety and storage these are unsurpassed.
Files have ten pockets and will hold up to 40 blocks
if filled as suggested for the sheet files.

REAL TRUTH OF ARMY STAMP
(Continued from Page 7)

1st Battalion of the 19th Regiment of the 28th Division put it this way: "As long as I live, I doubt if I'll ever see a parade like it. Most of us slept in pup tents in the Bois de Boulogne the night before, it rained hard and we were pretty dirty, so they picked out the cleaned up guys to stand up front and on the outside. I had a bright new shiny patch, so they put me on the outside."

"We were marching 24 abreast down the Champs Elysees and we had a time trying to march because the whole street was jammed with people laughing and yelling and crying and singing. They were throwing flowers at us and bringing up big bottles of wine."

"The first regiment never did get through. The crowd just gobbled them up. They just broke in and grabbed the guys; lifted some of them on their shoulders and carried them into cafes and bars and their homes and wouldn't let them go."

The central design of the Army stamp was made from a Signal Corps photo published in "Yank". The planes were later superimposed on the picture, actually there were no such planes in Paris as yet.

As for myself—I arrived in Paris the day of liberation August 25, 1944. I was attached with a Special Motion Picture Unit as an Assistant Cameraman and so was quite busy for the next week or so. On that murky Tuesday our camera was on a truck which was parked in front of the reviewing stand and to the right of the Champs Elysees.

CHANCE OF A LIFETIME

Everyone should be familiar with the beautiful Patriotic Stationery that was sold by Gimbels Stamp Department during the war years. This consisted of both envelopes and letter paper lithographed in many colors. Two sets, each of 20 different designs were offered. The cause for the production of this stationery is now a thing of the past and Gimbels wanted to clean out their ware room for storage of other material. We therefore bought the remainder of the stock of this stationery and are offering it to our readers at one fourth to one fifth the original price.

Paper is hard to get in quantity, paper dealers tell us conditions will be worse before they get better. This stationery makes splendid paper and envelopes for your correspondence and at the prices offered you would have a hard time finding unprinted plain stationery at so low a price. Every collector or dealer should lay in a supply now, at the low prices quoted. Do not delay, the wise boys will buy heavily and this big stock should not last long.

We are attempting to offer this in the original packages as prepared by Gimbels. The three offers below are all of the first series of this stationery and in original packages as first sold. The two offers below are of the second series. Then we make an offer for printing your name and address on both the envelopes and the paper and collectors and dealers will find that the price for this special printed stationery is as low or lower than they can buy plain printed paper and envelopes for. Order enough to last for a year or more now and be sure of getting your share of this splendid paper.
